Objective

Final-year BSc Information Technology student at Mumbai University with hands-on project experience in frontend web and mobile development using ReactJS, React Native, Python, and Tailwind CSS. Built and deployed three independent projects covering document automation, cross-platform portals, and API-integrated web applications. Looking to bring structured development skills and a problem-solving approach to a delivery-focused IT team.

Education

Course / Degree	School / University	Grade / Score	Year
Bachelor of Science - Information Technology - BSCIT	Shankar Narayan College, Bhayandar	8.5	2026
Higher Secondary Certificate - HSC	Shankar Narayan College, Bhayandar	65%	2023
Secondary School Certificate - SSC	Samata Vidya Mandir, Andheri	81%	2021

Projects

- **AI Blackbook Content Generator:**
Built a cross-platform academic management portal using React Native and Expo, featuring role-based navigation for student, teacher, and admin modules; designed structured dashboard layouts delivering a unified interface experience across Android and iOS platforms.
- **EduVora - Smart Academic Portal:**
Built a cross-platform academic management portal using React Native and Expo, featuring responsive UI systems for student, teacher, and admin roles; implemented role-based navigation, structured dashboard layouts, and device-responsive interface design to ensure consistent user experience across Android and iOS platforms.
- **PixVault - A Photo Gallery :**
Developed a fully responsive photo gallery web application using ReactJS and Tailwind CSS; integrated a third-party photography API via Axios for dynamic image fetching, implemented responsive grid layouts and pixel-consistent UI components optimized for cross-device compatibility.

Certification

- **Microsoft SC-900** — Security, Compliance & Identity Fundamentals
- **AWS Solutions Architecture Job Simulation** — Forage
- *Cyber Job Simulation - Deloitte, Forage*

Skills

- **Frontend Technologies:** ReactJS, React Native, Expo, HTML5, CSS3, JavaScript
- **Currently Learning:** Bootstrap / Tailwind CSS, Responsive Design, UI/UX Fundamentals
- **Tools & Platforms:** Git, GitHub, Axios, MS Office, Expo CLI
- **Methodologies & Concepts:** Responsive Web Design, UI/UX Fundamentals, REST API Integration
